**EXPLANATION OF H. F. 150**

The purpose of this bill is to remedy certain inequities which have arisen in some cases where the funds derived from parking meters must be used as specified by statute. The main use for such funds is to provide off-street parking facilities. This bill will remedy a situation in which there is no lack of convenient parking spaces and yet the funds from parking meter revenue, under presently existing laws cannot be put to any other constructive use.
